SUMMARY

IT Manager with 10+ years across public-sector, manufacturing, and healthcare environments. Leads infrastructure, systems administration, and IT operations — Palo Alto firewalls, Nutanix virtualization, UniFi networking, Windows & Linux — and builds reliable systems and teams that support business-critical operations.

EXPERIENCE

Dickson Medical Associates

Dickson, TN · On-site

› Information Technology Manager

Aug 2025 – Present

› IT Team Lead / Systems Administrator

Jan 2025 – Aug 2025

Leads a small in-house IT team maintaining and improving the core infrastructure behind business-critical operations in healthcare — high-level systems administration plus projects that drive growth. Backend: Palo Alto firewalls, Nutanix infrastructure, and UniFi networking.

IT Systems Administrator — Tennsco Corp.

Jun 2019 – Mar 2025 · Dickson, TN

Administered the infrastructure for the largest industrial manufacturing chain in Dickson County, supporting nine locations via a ticketing system — networking, security, phone systems, print servers, software, and data management, on-site and remote. Ran Windows and Linux servers and the company's Nutanix AHV virtualization platform.

Service Desk Specialist — Tennessee Department of Transportation

Jan 2015 – Jun 2019 · Nashville, TN

Remote Tier 1 & 2 technical support, print server administration, and training new team members. Upgraded and deployed thousands of hardware devices across TDOT campuses statewide.

Computer Sales Associate — Best Buy

Sep 2014 – Feb 2015 · Nashville, TN

EDUCATION

Associate of Arts & Sciences (AAS), Computer Technology

Nashville State Community College

2014 – 2016 · GPA 3.9
